

# WeChat Doge Whitepaper (Draft v1.0)

## 1. Project Overview

WeChat Doge (BWD) is a community-driven meme token built on the BNB Smart Chain (BSC). Inspired by the legendary Doge spirit and Asia's most iconic communication app "WeChat," BWD embodies the fusion of humor, culture, and connection within the Web3 era. Its mission is to create a global community centered around positivity, transparency, and charitable actions — turning meme energy into meaningful social impact.

## 2. Vision and Mission

WeChat Doge aims to redefine meme tokens by linking community culture with real-world compassion. While most meme coins focus purely on hype, BWD represents a movement of kindness, unity, and fun. The project seeks to build a global ecosystem where blockchain technology is used to foster friendship, transparency, and charity — "Crypto for Good."

This ensures that every holder contributes to making the world a better place.

## 5. Community & Ecosystem
